# Kristian Laemmle-Ruff images of Pine Gap

---

## Recommended Citation

Richard Tanter, "Kristian Laemmle-Ruff images of Pine Gap", Australian Defence Facilities Pine Gap, February 19, 2016, <https://nautilus.org/briefing-books/australian-defence-facilities/kristian-laemmle-ruff-images/>

---

We are deeply grateful to Kristian Laemmle-Ruff who very generously gave us permission to reproduce his photographs of Pine Gap. Details of these images and information on the antennas in the photographs are available in *The Antennas of Pine Gap* and in the [image gallery](#) from that paper.

Note that the small spheres across the upper part of these image are lens flares, an artifact of the camera pointing directly at light sources at night.
