Korean Peninsula

1. DPRK Missiles

CIA Official Robert Walpole told the US Senate that the DPRK continues to sell missile to countries in the Middle East. The Washington Times reported that the DPRK recently sold missile parts to Iran. A CIA report to Congress said that the DPRK continues to aid Pakistan's ballistic missile program. CIA Director George Tenet said that the US will face ballistic missile threats from the DPRK within the next 15 years.

3. US-DPRK Talks

ROK Foreign Minister Lee Joung-binn gave details of the latest round of US-DPRK talks, recently completed in Berlin. Lee said that the two sides discussed the provisions for removing the DPRK from the list of terrorism-sponsoring nations.

4. Remains of US Soldiers from Korean War

The DPRK retreated from earlier claims that it had found the remains of 415 US soldiers killed during the Korean War, saying instead that it had found 4 or 5. The US proposed resuming talks on repatriation.

"DPRK-US Talks on War Remains" (Daily Report, February 9)

5. US-ROK Missile Talks

The US and the ROK held two days of missile talks in Hawaii this week. The DPRK criticized the ROK's desire to increase its missile ranges.

"US-ROK Missile Talks" (Daily Report, February 7)

6. Wartime Atrocities

US Army Secretary Louis Caldera said that the Army had not ruled out the possibility of holding criminal trials for those responsible for the alleged massacre of civilians during the Korean War. KBS-TV reported that ROK soldiers massacred Vietnamese civilians during the Vietnam War.

China

7. PRC Naval Purchase

The PRC purchased a Sovremennyy class destroyer, capable of being armed with anti-ship missiles, from Russia. The ship passed through the Taiwan Straits on its way to its new home port. US experts disagreed over the significance of Russian-PRC military cooperation.

Japan

9. Japan-Russian Talks

Russian Foreign Minister Igor Ivanov traveled to Japan for talks with Foreign Minister Yohei Kono and Prime Minister Keizo Obuchi. The two sides agreed to hold a Japan-Russian summit as soon as possible after Russia's March 26 presidential elections, in hopes of resolving their territorial issues and concluding a peace treaty.

US Missile Defense

10. Missile Defense

The Clinton Administration plans to increase expenditures for missile defense in its next budget. US Representative Dana Rohrabacher called for sharing missile defense technology with Taiwan. US officials attributed the failure of the last intercept test to a plumbing leak. US Defense Secretary William Cohen traveled to Europe to try to gain support for US missile defense plans.
