TERRITORIAL DEVELOPMENT ANALYSIS

KODIM:.....

INTRODUCTION

1. Aims.

What are the aims of this analysis?

2. Sources.

Sources/Documentation/References used or consulted in compiling this analysis (including Analyses of Regional Potential or Analyses of Defence and Security Potential [Anpolwil dan Anpol Hankam]).

3. Objectives and Time of Action.

Management objectives of Regional aspects, in a general way/integrated as total output [Eng.]?

4. Scope.

What aspects or subjects or problems does this analysis cover?

MANAGEMENT OF NON-HANKAM² POTENTIAL

5. Area [Daerah] Development

a. Objectives and priorities.

1) What objectives have been fixed in the area development program such as the fields decided as priorities in the year concerned?

2) Broadly analyze (but in sufficient depth) the fields involved, including Area Development program policies mentioned?

b. Defence and Security Aspects of Area development.

1) From the Defence and Security viewpoint, what has already been achieved by this Area Development Program?

1. Seskoad [Sekolah Staf dan Komando], *Vademecum: Pengetahuan Pertahanan Keamanan*, (Bandung: Markas Besar, TNI-AD, Sekolah Staf dan Komando, Cetakan Dua, 1982), pp.351-355, Appendix K.

2. Hankam: [Pertahan Keamanan] Defence and Security.

2) How far have these matters met or able to break up issues of Territorial Management [Binter] from the viewpoint of carrying out Defence and Security tasks?

6. Implementation of Development

a. Implementation.

1) Who/which bodies mainly implement development in the relevant fields?

2) What is their organization and what is involved in implementation?

b. Facilities

1) What facilities are prepared for the support of development in the relevant fields (type, number, quality and capacity)?

2) What facilities still have to be developed and how will they be obtained?

3) Possibility of giving the location of facilities for supporting development in the relevant fields.

7. The Role of the Territorial Apparatus.

a. Implementation. What role or support is expected from the Territorial Apparatus to support the implementation of the Area Development program?

b. Facilities. What facilities are able to be prepared for the Territorial Apparatus to support this development implementation (types, numbers, quality and capacity)?

c. Time. Time framework for this support from the Territorial Apparatus for the implementation of the Area Development Program?

8. Other.

Any other matters which have to be considered and not listed in 5 through 7 above.

MANAGEMENT OF HANKAM POTENTIAL

9. Actual threats

a. Form and Characteristics of Obstructions. Explain form/type and characteristics of obstructions which could emerge in the time covered by the Area Development program?

b. Process of Growth

1) Areas/fields able to become sources of disturbance?

2) Processes of growth in each form or type of obstruction?

c. Influence on development. Discuss the influence each is thought to be to have on the smooth running of the Area Development Program?

d. Time of Crisis. The period when is it thought this will come to a point of crisis for Area Development?

10. Development Potential.

- a. Objectives. What types of capacity for support of Defence and Security tasks could possibly emerge in the period concerned? (Capacity for Territorial Apparatus [Apter] elements or support expected from the community.)
- b. Priorities. What development/management capacities require priority?
- c. Mobilization.
 - 1) Thoughts/plans about mobilization of this capacity?
 - 2) Objectives to be reached?
- 11. Other. What matters are not covered by 9 through 10?

[Sections 12 - 15 omitted]
